

Master of Divinity (M.Div.) Degree

Upon completion of the Master of Divinity program, the graduate should be able to:

1. Develop a mastery of the Scriptures and Christian doctrine and apply this knowledge to ministries in the U.S. and global contexts;
2. Apply professional ministry skills, counseling techniques, and effective leadership in their concentration of study;
3. Promote and defend the church's worldwide mission of gospel proclamation, discipleship, and social change;
4. Formulate ministerial strategies and apply them to a practical research project/thesis.

The Master of Divinity is the basic professional degree for the ministry. It is an advanced program integrating the fields of biblical literature, theological/historical studies, and the practices of ministry. It prepares persons for effective ministry as pastors, church associates, evangelists, chaplains, and a broad variety of ministries. It consists of seventy-five credit hours of specific and independent studies. Students are expected to be involved in a ministry of a local church on a regular basis

Policy for Evaluation of Ministry Experience for Seminary Programs

Fast Track MDiv Degree

Course delivery formats: Face-to-Face and Online

South Florida Bible College & Theological Seminary (SFBC), in trend with other educational Institutions, has adopted the policy to consider ministry experience as fulfillment of required college credit at the graduate level. The use of life experience in ministry for advanced standing in your graduate degree program is a tedious process that requires a detailed application process that has a cost associated with it. SFBC now allows up to 15 of the 75 credit hours of this degree to be granted through ministry experience evaluation. The following tracks for students allow them to gain advanced standing in their Master of Divinity program*.

Experienced Minister	Accelerated MA to MDiv
<p>If you have worked in ministry for an extended time and have been looking for a way to further your education, you're an ideal fit for this track. We understand that your years of experience in ministry have significant value, so we are offering you the opportunity to receive college credit based on that experience. This credit, coupled with a reduced number of credit hours, will allow you to earn your Master of Divinity degree in reduced time.</p>	<p>If you have an undergraduate degree in ministry or bible (from an accredited institution), have significant vocational ministry experience, and you are a SFBC MABS student or alumni, this path is for you. You can earn your MDiv by taking 24 credit hours in addition to your MABS work.</p>
<p>Undergraduate degree in ministry or bible (from an accredited institution) + 15 potential credit hours earned based on ministry experience. + 60 graduate credit hours taken via SFBC = Master of Divinity from SFBC</p>	<p>Undergraduate degree in ministry or bible (from an accredited institution) + 15 potential credit hours earned based on ministry experience. + Current or past SFBC student earning a MABS (36 credits) + 24 additional graduate credit hours taken via SFBC = Master of Divinity from SFBC</p>
