

Academic Partnership Agreement Between South Florida Bible College and Theological Seminary And Doon Bible College

Introduction

The relationship between South Florida Bible College and Theological Seminary (SFBC&TS) and Doon Bible College (DBC) was borne out of an academic and pastoral ministry connection between Dr. Becky Emerson (SFBC&TS), and Doon Bible College in 2001-2008. The idea of forging a closer relationship between the two schools was considered initially in discussions between principal Dr. Vidush Bhandari (DBC) and Dr. Emerson (SFBC&TS). Partnership consideration fitted well with SFBC&TS's newly created *Center for Global Engagement (CGE)* and DBC's interest in connecting with a Christian Institution in United States. Consequently, SFBC&TS Dean of Faculty, Dr. Esa Autero, visited DBC in the Summer of 2018 to explore the possibility of establishing a relationship between the two schools. The visit resulted in engaging SFBC&TS and DBC to consider a formal partnership between the two institutions.

Rationale for partnership

South Florida Bible College and Theological Seminary and Doon Bible College enter into this partnership, being led by the Holy Spirit, to edify each other as we work toward furthering God's mission. We believe such intercultural partnerships within the Body of Christ are pleasing to God and reflect the Kingdom of God on earth. We believe that in our increasingly globalized world, it is God's will for us to come together to pray, to raise up workers, and to preach the gospel. Each of our organizations needs this kind of complementary Christian union so that we can be enriched in our stand for Christ. As Christ has freely given to each of us so we will freely give to one another.

Philosophy of Stewardship

We (SFBC&TS and DBC) uphold the ideal of self-propagating, self-governing and self-supporting ministerial model. At the same time, we recognize the interdependence of the members of the body of Christ. We believe that each institution needs to strive to increase the level of self-support – and thus actively look for creative ways to fulfill that ideal. We also recognize the biblical mandate to give of our resources by God's grace according to our ability, for the matter of equality and edification in God's Kingdom (2 Cor 8-9).
