& SEMINARY**

FUNDING OPPORTUNITY: English for Academic Purposes (EAP)

DESCRIPTION:

South Florida Bible College and Theological Seminary (SFBC&TS) offers a one-year scholarship to an English language program designed to help international and domestic students develop advanced academic English skills needed to enter a degree program. The curriculum is based on the Oxford Publishing House's *Wide Angle Series*. EAP at SFBC&TS started in July 2016, offering classes in writing, reading, speaking, and listening four times a week, totaling 16 hours of classroom instruction. The curriculum is further enriched by on-campus activities that help students mentally prepare for college life.

BENEFIT:

Spanish, Portuguese, and French-based Creole are commonly spoken languages in South Florida, where many communities use these languages. Additionally, South Florida serves as a primary entry point for international students seeking a student visa. Notably, SFBC&TS represents 40 different countries during the 2023-2024 academic year. We are committed to assisting both international and domestic students in developing English language proficiency, enabling them to excel in undergraduate programs and potentially graduate education. These students are then empowered to return to their communities as pastors, business leaders, and more.

SCHOLARSHIP COST:

\$6,000 per Scholarship per year

(Scholarship Breakdown: Tuition, Books & Student Course Fees = \$5,500; Administration = \$500)

RECOGNITION:

Students awarded scholarships will be recognized as "Donor Last Name" Scholars (e.g., Smith Family Scholar) throughout their time in the EAP program. Donors will also be invited to EAP social events and graduation activities.
